Advances in Librarianship, Volume 22

Advances in Librarianship, Volume 22

Critically acclaimed since its inception, "Advances in Librarianship" continues to be the essential reference source for developments in the field of libraries and library science. Articles published in the Series have won national prizes, such as the recent Blackwell North America Scholarship Award for the outstanding 1994 monograph, article, or original paper in the field of acquisitions, collection, development, and related areas of resource development. All areas of public, college, university, primary and secondary schools, and special libraries are given up-to-date, critical analysis by experts engaged in the practice of librarianship, in teaching, and in research. Written by professionals for professionals to find solutions to vexing questions, it is authoritative, in-depth, and concise, and the single best source for keeping up-to-date on key issues.
