Glenn's Urologic Surgery (Urologic Surgery (Glenn's))

Glenn's Urologic Surgery (Urologic Surgery (Glenn's))

Established for over 30 years as a must-have surgical reference for resident and practicing urologists, **Glenn's Urologic Surgery** is now in its Seventh Edition. The world's preeminent surgeons present step-by-step descriptions of all current operative procedures for each region of the genitourinary tract and provide the background information surgeons need to ensure successful outcomes. More than 1,300 detailed illustrations demonstrate surgical anatomy and techniques.

The Seventh Edition continues to emphasize laparoscopic procedures. Highlights include new chapters on robotic surgery, nanotechnology, and laparoscopic and robot-assisted laparoscopic prostatectomy. A new section covers procedures to cure or alleviate stress incontinence.

A companion Website will offer the fully searchable text and an image bank.
