It's spring break, and you are doing what every college student has always dreamed of doing: going on a cruise! The Megantic is everything you hoped it would be. There are casinos to lose money in, laser tag arenas to challenge your friends in, and even...mysterious viruses you can catch? In the blink of an eye, your cruise goes from paradise to disaster. Are you smart enough to avoid contamination? Or will you be taken down by the invisible virus - or worse, be attacked by those who are infected? Beware! Under no circumstances are you to read this book in order! At the bottom of each page you will find a set of choices. Select the choice you desire and the book will take you to the next section of your journey. Are you ready? One last note: This book is filled with many ways to die. If you are afraid of being lost at sea, drowning, and yes, zombies, you may want to read something else. Some of the sights you see may be terrifying. Still on board? Great. With all that said, good luck. Don't say I didn't warn you.
