**Hurricane of Independence: The Untold Story of the Deadly Storm at the Deciding Moment of the American Revolution** Tony Williams

*The sleeper history hit of 2008, released in paperback to coincide with the heart of hurricane season*

On September 2, 1775, the eighth deadliest Atlantic hurricane of all time landed on American shores. Over the next days, it would race up the East Coast, striking all of the important colonial capitols and killing more than four thousand people. In an era when hurricanes were viewed as omens from God, what this storm signified to the colonists about the justness of their cause would yield unexpected results.

Drawing on ordinary individuals and well-known founders like Washington and Franklin, Tony Williams paints a stunning picture of life at the dawn of the American Revolution, and of the weighty choice people faced at that deciding moment.

**Hurricane of Independence** brings to life an incredible time when the forces of nature and the forces of history joined together to produce courageous stories of sacrifice, strength, and survival.
