Snowbound (Arctic Station Bears Book 1) Maeve Morricks, Amelie Hunt

Alanna MacCready likes to keep her life simple. Work, home, the comfort of an early bedtime every night. She can't abide by chaos, which is too bad... When she gets a phone call in the middle of the night, she packs her bags and heads to the coldest place on Earth for the scientific discovery of a lifetime. No comfortable routines in the Arctic...

Instead, she runs headfirst into two devastatingly handsome shifters. If Alanna were honest with herself, she wants nothing more than to let sexy scientist Liam Roy warm her during the long winter nights. The second they see each other, there is no denying the spark between them, the connection that threatens to burn them both.

As things are heating up with Liam, someone far more dangerous is eyeing Alanna from the shadows, threatening her very life. Alanna will have to choose between two lovers as she fights for her life and the possibility of happily ever after...

As long as she doesn't end up SNOWBOUND forever.
