Matt Simpson I thank you so much for the advice I just received and the tips I got from your book. I am a college professor and I am looking to service about 30 bulk candy machines on the side for extra money. I am taking your advice and I will buy the vending machines used with the sources you gave me. Once again thank you. Tim Holmes I just read through your ebook and found it very informative. Thanks for all that great advice. A lot of it I wish I had read 10 years ago instead of discovering it the hard way. But that was then and now I am much more seasoned. I am just starting up a new route and have used PN95's in the past with good success but am now considering the move to vendesign 4 in 1. Thanks again for all the great information. Ron Haynes "I just wanted to write and say thank you for offering you expertise to those of us that are exploring or starting in the vending business. Your willingness to not only offer to help but be proactive in reaching out speaks volumes about your character. I know the time it takes to set up a website, and build a newsletter. It's no small task. Your concern for my success is greatly appreciated and I wish great times for the future for both of us. If there is ever anything I can do for you to return the favor, please just ask.
