Understanding Manhood in America

Robert G. Davis

Understanding Manhood in America Robert G. Davis

Two of the most important subjects that Davis discusses are those of marriage and fatherhood. The challenges and rewards of being a husband and a father are great. As Davis notes, too many of us had poor role models of what it means to be either a husband or a father. Rather than working on the issues that exist in these complex relationships, all too often men choose to simply walk away. Davis suggests this happens because these men are acting as they observed their fathers having acted. However, Davis is also quick to say that the modern man must rise above that if he is to grasp what it means to be a man. The road to the "mature masculine" is not the "easy road"; it is one of work, responsibility and perseverance.
