Glow: Animals with Their Own Night-Lights W. H. Beck

Why be afraid of the dark when there is so much to see? Whether it's used to hunt, hide, find a friend, or escape an enemy, bioluminescence—the ability to glow—is a unique adaptation in nature. In this fun and fascinating nonfiction picture book, join world-renowned photographers and biologists on their close encounters with the curious creatures that make their own light. Author's note and bibliography included.
