Some fires only require a single spark to reignite...

It's been months since ex-firefighter Katie Kemp has spoken to her former lover and squad mate, Dash Carlton. But when a late night drive down memory lane leads her to a small fire at Dash's house, she realizes she's not willing to turn her back on the hottest flame of her life. She's not interested in second chances. All she wants is a night scorching enough to blaze Dash's memory out of her mind.

But a determined Dash isn't willing to give up on the woman he still loves quite so easily, and he's not above tying Katie up to encourage her to listen to what he has to say. He also has a few other methods of being very persuasive...

This title was previously released in the Five Alarm Alphas bundle.
