UnWholly (Unwind Dystology) Neal Shusterman

Rife with action and suspense, this riveting companion to the perennially popular *Unwind* challenges assumptions about where life begins and ends—and what it means to live.

Thanks to Connor, Lev, and Risa—and their high-profile revolt at Happy Jack Harvest Camp—people can no longer turn a blind eye to unwinding. Ridding society of troublesome teens while simultaneously providing much-needed organs for transplanting might be convenient, but its morality has finally been brought into question. However, unwinding has become big business, and there are powerful political and corporate interests that want to see it not only continue, but also expand to the unwinding of prisoners and the impoverished.

Cam is made entirely out of the parts of other unwinds; he is a teen who does not technically exist. A futuristic Frankenstein, Cam struggles to find identity and meaning and wonders if a rewind being can have a soul. And when the actions of a sadistic bounty hunter cause Cam's fate to become inextricably bound with the fates of Connor, Risa, and Lev, he'll have to question humanity itself.
