Gravity (Kindle Single) Norman Ollestad

From the author of the critically acclaimed, New York Times bestselling memoir *Crazy for the Storm* comes the next chapter in the extraordinary life of a survivor determined to embrace life with the passion his father instilled in him.

Twenty-year-old Ollestad escapes his mundane collegiate routine in Southern California for St. Anton, a remote village nestled in the glittering and dangerous peaks of the Austrian Alps. There, he befriends the local clique of ski bums and fills his days with endless, exhilarating skiing, and his nights flirting with the prettiest girls at the bars. But in the quiet moments, Norman cannot escape the painful memories of his challenging, adrenaline-addicted father who took him to St. Anton fifteen years earlier, and who died in a terrible plane crash of which Norman, at the age of eleven, was the sole survivor. In *Gravity*, Ollestad transports us to those thrilling days in the Alps, and reveals how his search to find greater meaning in his rudderless life helped him discover the relationships that make life worth living.

Norman Ollestad was born in Los Angeles in 1967 and grew up in Malibu. He studied creative writing at UCLA and attended UCLA's undergrad Film School. His writing has appeared in *Outside*, *Men's Journal* and *Time*. He is married and has two children—a son and daughter—and lives in Venice, California.

From reader reviews:

Sheilah Harvey:

Book is to be different for each grade. Book for children right up until adult are different content. As we know that book is very important for us. The book Gravity (Kindle Single) was making you to know about other expertise and of course you can take more information. It doesn't matter what advantages for you. The publication Gravity (Kindle Single) is not only giving you more new information but also to get your friend when you feel bored. You can spend your personal spend time to read your guide. Try to make relationship while using book Gravity (Kindle Single). You never sense lose out for everything if you read some books.

David Carson:

Information is provisions for people to get better life, information nowadays can get by anyone on everywhere. The information can be a understanding or any news even a problem. What people must be consider when those information which is within the former life are hard to be find than now could be taking seriously which one would work to believe or which one the resource are convinced. If you find the unstable resource then you obtain it as your main information you will see huge disadvantage for you. All of those possibilities will not happen inside you if you take Gravity (Kindle Single) as your daily resource information.

Robert Wallace:

The reason why? Because this Gravity (Kindle Single) is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will shock you with the secret the item inside. Reading this book adjacent to it was fantastic author who all write the book in such amazing way makes the content on the inside easier to understand, entertaining technique but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this anymore or you going to regret it. This book will give you a lot of gains than the other book possess such as help improving your talent and your critical thinking technique. So , still want to hold off having that book? If I were you I will go to the publication store hurriedly.

Bruce Williamson:

Are you kind of occupied person, only have 10 or perhaps 15 minute in your time to upgrading your mind expertise or thinking skill actually analytical thinking? Then you are experiencing problem with the book as compared to can satisfy your limited time to read it because all this time you only find book that need more time to be study. Gravity (Kindle Single) can be your answer since it can be read by an individual who have those short extra time problems.
