**Pennsylvania Railroad (Railroad Color History)** Mike Schafer, Brian Solomon

At its peak the Pennsylvania was the largest railroad in the world. It operated 28,000 miles of track, directly served half of the U.S., and hauled more freight and passengers than any other railroad in the world. This colorful tribute to the Pennsylvania Railroad, the keystone of American transportation for 121 years, is filled with Pennsylvanian crack passenger trains, including the Broadway Limited and Pennsylvania Limited, which connected New York City and Philadelphia with Pittsburgh, St. Louis, and Chicago. The authors have filled this book with archival and color photos of the locomotives, trains and events of the Pennsylvania Railroad from the 1950s and 1960s.
