Securing the Cloud: Cloud Computer Security Techniques and Tactics Vic (J.R.) Winkler

As companies turn to burgeoning cloud computing technology to streamline and save money, security is a fundamental concern. Loss of certain control and lack of trust make this transition difficult unless you know how to handle it. *Securing the Cloud* discusses making the move to the cloud while securing your piece of it! The cloud offers flexibility, adaptability, scalability, and in the case of security-resilience. This book details the strengths and weaknesses of securing your company's information with different cloud approaches. Attacks can focus on your infrastructure, communications network, data, or services. The author offers a clear and concise framework to secure your business' assets while making the most of this new technology.

- Named The 2011 Best Identity Management Book by *InfoSec Reviews*
- Provides a sturdy and stable framework to secure your piece of the cloud, considering alternate approaches such as private vs. public clouds, SaaS vs. IaaS, and loss of control and lack of trust
- Discusses the cloud's impact on security roles, highlighting security as a service, data backup, and disaster recovery
- Details the benefits of moving to the cloud-solving for limited availability of space, power, and storage

From reader reviews:

Justin Fernandez:

Here thing why this particular Securing the Cloud: Cloud Computer Security Techniques and Tactics are different and trustworthy to be yours. First of all reading a book is good but it really depends in the content than it which is the content is as yummy as food or not. Securing the Cloud: Cloud Computer Security Techniques and Tactics giving you information deeper and different ways, you can find any e-book out there but there is no publication that similar with Securing the Cloud: Cloud Computer Security Techniques and Tactics. It gives you thrill reading through journey, its open up your eyes about the thing this happened in the world which is perhaps can be happened around you. It is easy to bring everywhere like in playground, café, or even in your approach home by train. For anyone who is having difficulties in bringing the branded book maybe the form of Securing the Cloud: Cloud Computer Security Techniques and Tactics in e-book can be your substitute.

Alice Wilkerson:

Nowadays reading books become more and more than want or need but also turn into a life style. This reading habit give you lot of advantages. Advantages you got of course the knowledge your information inside the book in which improve your knowledge and information. The info you get based on what kind of reserve you read, if you want get more knowledge just go with knowledge books but if you want truly feel happy read one along with theme for entertaining for example comic or novel. The particular Securing the Cloud: Cloud Computer Security Techniques and Tactics is kind of book which is giving the reader erratic experience.

Latoya Jones:

Often the book Securing the Cloud: Cloud Computer Security Techniques and Tactics has a lot of knowledge on it. So when you check out this book you can get a lot of help. The book was written by the very famous author. Tom makes some research ahead of write this book. This kind of book very easy to read you can obtain the point easily after looking over this book.

Rosalie Castillo:

The reason? Because this Securing the Cloud: Cloud Computer Security Techniques and Tactics is an unordinary book that the inside of the book waiting for you to snap it but latter it will shock you with the secret the item inside. Reading this book close to it was fantastic author who else write the book in such amazing way makes the content on the inside easier to understand, entertaining approach but still convey the meaning thoroughly. So , it is good for you for not hesitating having this any longer or you going to regret it. This phenomenal book will give you a lot of positive aspects than the other book have got such as help improving your proficiency and your critical thinking technique. So , still want to hold off having that book? If I were you I will go to the book store hurriedly.
