Rising Up Joe Perez

Joe Perez looks at the common issues facing gays in personal, cultural, social, and political dimensions within a "theory of everything" called STEAM. Building on the work of integral theorists including Ken Wilber, Don Beck, and Jim Marion, Perez shows how STEAM can build bridges across the divides. The topics include responding to religious conservatives; why liberals and conservatives alike miss the big picture; how to make HIV/AIDS prevention efforts more effective; how to renew faith, purpose, and dedication to truth.
