## **Ver, begin** Mr. Ricardo Mena

Ver, begin by Ricardo Mena will be recognized as a milestone on the path toward understanding the Elizabethan age and the phenomenon of 'Shakespeare' ... Here is the most complete, most in-depth rendering to date of the biographical and historical truths that have remained hidden beneath the Shakespeare myth ... Ricardo Mena takes us on a guided tour to the otherwise invisible heart of the Elizabethan and Jacobean eras; and let it be proclaimed that no previous scholar, no researcher, no author before now has dared to travel so far beneath the surface of the recorded history and the surviving literature. No one till now has maintained the clarity of vision that is shared with us in the following pages. The result is an unprecedented synthesis of various strands of evidence, all woven into a grand sweep of narrative that spans the golden age of the English Renaissance, informing us about our own history and about the forces that have helped to shape our current civilization ... The debates over 'Shakespeare' that began in the 1800s and continued all through the twentieth century are now bearing fruit; and Ver, begin marks the first real attempt to construct (or reconstruct) the full story, integrating all its pieces so they fit together and make sense, even as each aspect sheds new light on the others. This book is about not only knowing the truth, but, in the end, about understanding it.—Hank Whittemore.
